

Happier Day - Catherine Britt

A do do do do do do do x4

Can you hear the Sunday bells?
See all the children running over the hills
The sun is shining and the birds in the sky
The trees are green and the rivers are high

The season is good for the carrots and peas
Might be time to pull out the weeds
Can't you smell the lavender air?
The bees make the honey and they're happy to share

Sneak in the night like an old brown fox
Take all the good and put it in a box
Grab all the smiles and hide them away
Steal em and keep em for a happier day

A do do do do do do do x4

Everybody seems to be a loving their life
Don't see a sign of struggle or strife
Making their jokes and laughing out loud
No rainy days or big blacks clouds

Im gonna sneak in the night like an old brown fox
Take all the good and put it in a box
Grab all the smiles and hide them away
Steal em and keep em for a happier day
